WEDDINGS OF THE YEAR

Star nuptials in '04 were out of this world. Whether far-flung (Capri, anyone?) or homespun (Arkansas countryside, with donkey), romantic fantasies came to life for all our couples. The mansion *had* to be Gatsbyesque, the veil *had* to be 27 feet, the wedding singer *had* to be Billy Joel (OK, so he was the groom too). And on one couple's buffet? Burgers from McDonald's. Are you lovin' it? *produced by* Honor Brodie

Clockwise from top: Tables sparkled with glowing candelabras and four-foot silvervases dripping with white flowers, "Star wanted a fairy-tale wedding," says Tutera, who created an opulent white-and-silver theme for the sit-down dinner. Vivica A. Fox. Donald Trump and Melania Knauss. Kim Cattrall and Jeff O'Leary. "It was amazing," says Cattrall. "No detail was overlooked." Kelly Ripa: "My husband and I eloped in Las Vegas, so we've never seen anything like this in our lives."
